

# HYDRATION

Asia Water

Asia Drinking Water is purified using advanced water purification technology and a fully automated control system for bottling. The two-stage reverse osmosis is used to remove water-soluble minerals and improve water quality while ozone filtration provides 100% disinfection. Internationally Our manufacturing process is ISO, HACCP and FDA certified.

HS Code 220210000

Product Description	Asia Water				
Volume (ml)	350	600	1000	5000	20,000
Packaging Type	Shrink Wrap	Shrink Wrap	Shrink Wrap	Shrink Wrap	Bottle
Carton Weight (kg)	4.5	7.55	6.2	5.18	20.15
Carton Configuration	1*12	1*12	1*6	1*1	1*1
Carton Dimension (mm) L :	238	260	235	-	-
W :	180	195	150	170	280
H :	178	230	265	328	490
Shelf Life (Months)	12	12	12	12	12
Container Loading (Cartons) Unpalletized 20'	4,230	2,760	3,450	5,444	1,400
Palletized 20'	3,300	1,800	1,960	2,520	640
